SKILLS

Technical: React, Next.js, Node.js, TypeScript, Tailwind CSS, Redux, Jotai, Context API, REST APIs, React-Query, Responsive Design, React Native, MongoDB, Zustand

Integrations: Razorpay, Stripe, JWT-based auth, third-party REST/JSON APIs

Tools: Git, ESLint+Prettier, Husky, Vite, AWS EC2, Cursor IDE, browser DevTools

EXPERIENCE

Createbytes

Jaipur, Rajasthan

Frontend Developer – SDE1

Nov 2024-Present

- Build and maintain React/Next.js frontends with TypeScript for Cabinet Guard, showing **end-to-end ownership**.
- Implement Stripe payments, Ant Design UI, and REST APIs for smooth journeys with a user-centric approach.
- Deploy and monitor on AWS EC2 (Linux, screen), demonstrating problem-solving, accountability, and collaboration

Tequiity

Jodhpur, Rajasthan

Frontend Developer

Aug 2023 – Nov 2024

- Developed Audi and L&T portals using React, Vite, TypeScript, and Tailwind for loyalty and loan journeys.
- Implemented reward, redemption, profile, and JWT based auth and login flows with secure API integrations.
- Resolved UI/performance issues and collaborated with cross-functional teams, demonstrating adaptability and clear communication.

PROJECTS

Cabinet Guard – Ecommerce for Anti-Theft Alarms

- Developed SEO-friendly ecommerce site UI using Next.js, React, TypeScript, Tailwind, and Ant Design, enabling end-to-end product browsing, cart, and order management.
- Integrated Stripe payments and deployed on AWS EC2 (Linux, VM, screen), increasing successful checkouts by 20% and reducing deployment/rollback time by 40%.

Audi Customer & Dealer Loyalty Portal

- Implemented customer and dealer loyalty journeys (earn/redeem points, benefits, profiles, dashboards) using React, Vite, TypeScript, and Tailwind across web and mobile views.
- Integrated JWT based authentication and secure REST APIs with Audi systems, cutting login friction and support tickets by 25% and improving active loyalty users by 15%.

Spolto – Sports Coach Booking

- Built responsive React frontend and end-to-end journeys (search, booking, memberships, payments) with location-based coach discovery, supporting 3+ booking modes (home, play-pad, group sessions).
- **Optimized performance** using memoization, debouncing, and SEO best practices, improving key page load times by 30% and reducing bounce rate on booking flows by 20% while increasing completed sessions by 15%.

Achievements : Recognized as **Employee of the month (Aug 2024)** for audi project urgent deliverables
